As the New Year Begins, Banyan Treatment Center Offers Those Suffering from Alcohol and Drug Addiction a New Start Through the Scholarship Campaign “Roots to Recovery” by Offering Treatment to Recipients at No Cost

01/04/18 *Pompano Beach, FL*- As the opioid epidemic continues to sweep across the nation, Banyan Treatment Center recognizes the increased need for resources to help those suffering from drug and alcohol addiction. Banyan is on a mission to help those who are struggling within our communities, and will be granting twelve treatment scholarships to individuals who want to begin new lives in recovery from addiction.

The Roots to Recovery Scholarship Program has officially launched and is now accepting applicants. The scholarship will cover all programming, including group and individual therapy, clinical assessment, transportation, group activities, and food and housing for thirty days. The application process is free and can be found online, under the Resources tab, at www.banyantreatmentcenter.com. Applicants must submit a short personal essay explaining why they wish to enter Banyan’s drug and alcohol treatment program, along with proof of an annual income no greater than \$25,000.00. This is required to ensure that those applying are truly in need of funding for treatment. Scholarship recipients will be selected on a monthly basis, by a team of Banyan staff members, after all submissions have been read. All essays will be kept for twelve months, and will remain eligible for selection during that time.

According to The American Society of Addiction Medicine, drug overdose rates have increased by 400% in the past decade and are now the leading cause of accidental death in America. Finding high quality, affordable addiction treatment can be difficult, especially for those without health insurance. The Roots to Recovery Scholarship Program at Banyan Treatment Center will enable those in need a way to seek care at no cost.

Banyan Treatment Center is Joint Commission Accredited and stands as a national leader in providing addiction and mental health services. With six locations across the country, Banyan has helped thousands of families and their loved ones to overcome their struggles with addiction and begin new lives in sobriety. With a full continuum of care, from medically managed detox to outpatient services, Banyan supports patients every step of the way.

Anyone struggling with substance use or mental health disorders is encouraged to reach out to Banyan Treatment Center at 888-781-9297 for a free clinical assessment.
