

Banyan Treatment Center Joins Foundations Recovery Network as an Event Partner at Moments of Change Conference October 2018

09/18/18 West Palm Beach, FL — Banyan Treatment Center has joined with Foundations Recovery Network at the event partner level for the 2018 Moments of Change conference, taking place at The Breakers Hotel in West Palm Beach, FL. The event spans four days, October 1st-4th, and brings together more than 800 addiction treatment professionals. Industry leaders are set to present a multitude of sessions, providing the latest in behavioral healthcare research and best practices on substance abuse and mental health treatment. **Dr. Romie Mushtaq**, one of the most sought after teachers of stress management and mindful leadership to Fortune 500 companies, is among the keynote speakers this year.

Banyan Treatment Center stands at the forefront of addiction medicine and mental health treatment. The organization grew rapidly over the past few years, expanding from a small, transitional living home in Pompano Beach, FL where the corporation is headquartered to nine locations. Banyan now provides a full continuum of care including medically managed detox, residential, partial hospitalization, outpatient and alumni services. Banyan locations include: Pompano Beach, FL, Boca Raton, FL, Stuart, FL, Lake Worth FL, Palm Beach Shores, FL, Chicago, IL, Boston, MA, Lauren Run, PA, and Philadelphia, PA.

“We are constantly on a quest to add value and provide continued education at our centers,” stated **Allison Seriani**, National Director of Public Relations at Banyan Treatment Center, “We send nearly 20 employees to Moments of Change each year to help expand their knowledge about the most recent trends within the industry, and to connect with other thought leaders in the field.”

The topics of discussion at Moments of Change include educational sessions that offer services for initiating, supporting and maintaining continued sobriety, introducing new treatment modalities and scientific research, determining the best care planning methods for dealing with complex individuals and diagnoses, such as process addictions, co-occurring disorders and mental health disorders. In addition, the conference will address legislation,

zoning, the expansion of the industry and the debate over abstinence-based treatment vs. medically-assisted treatment.

Banyan will be represented at the conference by many key members of their staff, and will have a booth in the main exhibit hall for the entirety of the event.
